FIGHT ON AN EXCURSION.

General Hawkins, of Winston, Probably Fatally Wounded.

A negro excursion, run from Winston to Durham by the colored firemen of the former place, passed through Greensboro on the return trip about 2 o'clock last night. The excursionists were in a fever of excitement over a fight which occurred on the train, between Durham and Burlington. During the fight a negro named Jim Gray drew his pistol and fired several shots.

Two of the bullets struck "General" Hawkins, one taking effect in the head, the other in the thigh.

When the train passed here the injured man was in a serious condition. No medical attention was given him until the train reached Winston.

Immediately after the shooting Gray jumped from the train, which was running 40 miles an hour, and nothing has been heard of him since.

A telephone message from Winston this afternoon says that Dr. Hall, a colored physician, probed for the ball in Hawkins' thigh but failed to locate it.

Hawkins conducts a meat stall in the Winston market, is a Mason and a prominent colored citizen, and the colored Masons there are considering the advisability of offering a reward of $100 for the capture of Gray.

Chapel Hill Summer School.

Many teachers from the western part of the state passed through the city this morning going to Chapel Hill to attend the summer school. Among them were Misses Daisy and Carrie Crutchfield, of the Winston city schools; Prof. Sams, of the Asheville city schools; Prof. D. B. Smith, of the Winston city schools; Prof. P. P. Claxton, of the State Normal and Industrial College, went from here.

LOUBET'S ENEMIES INTRIGUE

Against His Life and Peace, and Tranquility is Not to Be Found—Radical Measures.

By Cable to the TELEGRAM.

Paris, June 20—President Loubet is prepared to take radical measures if the present crisis is prolonged by selecting a cabinet and ignoring the wishes of the political groupes of the Chamber of Deputies. On doing this he would invite an adverse vote, and this being taken will dissolve the chambers upon the appeal of the country. Meline is plotting to become president. A coalition headed by Meline smashed two cabinets. Now arms compel Loubet to resign.

COMING OF DREYFUS.

Paris, June 20—Dreyfus has been informed that he will land in France on the night of the 24th or of the 25th. None of the family will be present. He will be taken direct to the Reunes, where the hotels are besieged with applicants for rooms during the court-martial.

Off For Fayetteville.

The Grand Lodge Knights of Pythias meets in Fayetteville tonight and many members of the order passed through Greensboro today on their way to attend the meeting. It was a gay crowd, the size of which demanded an extra car on the Atlantic & Yadkin train at noon. All anticipated a grand trip. Among them were: W. J. Lippfert, F. C. Meinung, and E. A. Ebert, of Winston; Mr. Weaver, of Asheville; Robt. J. Jordan, of Charlotte; A. H. Alderman, C. E. Holton, D. L Hagan and D. H Collins went from here.

Rainbow Fete.

The Rainbow Fete of the Southside firemen tomorrow night will be new and novel. Draw on your imagination, for you will be surprised when you find out what it is. And then we will have five gallons of California peach cream, the first of the season. You will have to come early to get this. Think of it We will have 40 gallons of the finest cream that Jim West can make. He has instructions to make the finest he can, and he will have pure cream to make it out it. This fete is for you and whether you come or not we will have done our part. It will be there for you.

The Ladies.

Dissipation of the Gloom.

That mysterious connection with the Telegram, the Prowler, dropped in this morning and complaining of the gnaw of genius at his brain, asked for a few sheets of paper. Seating himself at a table, and after many profound deliberations and much labor and sweating, he ground the following:

When in the shop are gathering
Darkly, and chasing the shade,
Shadows—I'll ever remember
How laughing gladness is stayed.
Send for a streak of sunshine, O—
Divine on the threshold it smiles—
And your heart flutters with mine, lo!
That's good enough for me.

Inform the Passengers.

Since the Southern has occupied its new depot the Telegram would suggest that to make matters complete, a man be stationed there to call out when, in what directions and from what tracks the different trains will depart. Often during a day three trains leave within a space of ten minutes, and once each day four trains depart at intervals of about three minutes. Almost every day some passengers are left, simply because they know not what trains to get on. Two women are stationed in the waiting rooms to look after the females, but the male travelers are not supposed to know everything, and they also should be given the information they need.

A Mother Tells How She Saved Her Little Daughter's Life.

I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by an advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at once It proved to be one of the very best medicines we ever had in the houses. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my daughter much suffering.—Yours truly, Mrs. Geo. F. Burdick, Liberty, R. I. For sale by C. E. Holton, druggist.

FARMING IN THE SOUTH.

Why Agricultural Conditions Are the Worst Ever Known.

Washington, June 20—James Barrett, vice-president of the Georgia Agricultural Society, was the only witness before the Industrial Commission today. He said:

"Agricultural conditions in the south are worse today than ever in the history of the country." He said that cotton interests were especially depressed, the price last year amounting to little over four cents a pound. At this price a man could not save himself if he paid wages amounting to more than $3 a month Planters generally pay about $6 a month for wages, and at such rates could not escape loss if they received less than six cents a pound.

Mr. Barrett said that nine-tenths of the cotton was mortgaged before it matured. Rates of interest and commission were high and merchants were gradually coming into possession of the land. He advanced the idea that the national bank act had done a vast amount of injury in outlawing real estate as security for money by these banks, and that all told this act was to the south the most damaging legislation that had ever been enacted. Plantation labor was done by negroes, and that there was practically no immigration because of the cheapness of labor and social conditions.

Railroad rates were such as to render it impossible to longer make watermelon growing profitable, and the same was true of other garden products. The railroads are both daddy and mammy of the trusts, he asserted.

Barrett said the census of 1890 had shown that Augusta, where he lives, was the most illiterate place in the United States, and he thought this fact was due to the presence of too much politics in the schools.

NEWS SUPPRESSED.

The Truth About the Situation in the Philippines.

Washington, June 19.—The war in the Philippines has become so active and the insurgents have made such a stout resistance to our troops that the administration has been compelled to suppress information from there lest it fan popular prejudice, already in existence against the war, into a most formidable sentiment. All press dispatches from Manila are strictly censored, and now the government declines or delays giving out casuality lists. Heretofore these lists have been given out almost daily, but the lists have been growing to such an extent that they are attracting much adverse comment. Of our army there, nearly 2,000 have already died of disease or been killed. Reports of returning officers, stated privately, are to the effect that fully thirty per cent. of the men there are suffering from loathsome diseases, which, with the enervating climate, makes them practically useless, and many of them are fast becoming a burden upon the well ones. All these facts are officially suppressed.

ONE STANDARD OF VIRTURE.

Proposition Advanced Before Colored State Teachers' Association.

Winston, N. C., June 19—The colored state teachers' association closed tonight. Dr. J. D. Chavis was re-elected president. Prof. P. H. W. Moore, secretary, and Mrs. G. C. Shaw, of Oxford, treasurer. Rev. J. H. M. Pollard archdeacon of North Carolina, in his sermon before the association yesterday, said: "There must be only one standard of virtue for men and women of all races. We want white men to feel and to know that their women will be as safe in our hands as in their own, but at the same time we must demand that our women shall be as safe in their hands as in our own."

Two Spaniards—one from Porto Rico—were here today looking after the purchase of a cigarette machine.

Joseph Jacobs is in receipt of a letter from Secretary Gage, saying his lot was chosen for Winston's public building. The price was $3,800.—Special to the Raleigh Post.

Good Music.

And good cream and cake will go mighty well together, and you can get both by attending the lawn party to be given by the "Gate City Band" Tuesday night, June 27th, on the Eckle lawn. They need new uniforms for the tournament and for future occasions. We will give more than value for everything you get, and throw in a night of music. So don't spend all of your money, for the time is near, and you can spend it where you will see the result in the future. Don't forget the night.

THE TENACIOUS FILIPINOS

Still Give Fight To Our Weary Troops.

THEIR RALLYING QUALITIES

Are Most Remarkable—The Difficulties Encountered By the Americans.

By Cable to THE TELEGRAM.

Manila, June 20—General Wheaton occupied Perez Dasmarinas this morning after moderately heavy fighting. Perez Dasmarinas was headquarters for the southern Filipinos after they were forced to abandon Imus. The rebels occupied extensive barracks which were built by the Spaniards.

THE VILLAGE WORTHLESS.

Manila, June 20—Wheaton reports that he occupied Perez Dasmarinas after slight opposition. The town was found deserted. The miserable, worthless village is surrounded by swamps altogether so valueless that the place is not deemed advisable to be held. Wheaton goes to Buena Vista tomorrow where it is reported the insurgents have re-established the arsenal and powder mill which they removed from Imus. A reconnoisance will be necessary to develop the position of the enemy. The reconcentration of the insurgents and their apparent willingness to attack the Americans at Imus furnishes another illustration of their remarkable recuperative power. The demoralization of the enemy after their defeat at Zapelta bridge seemed complete, but they have already recovered and the force opposing Wheaton composes practically the entire insurgent army.

Cavite province and the country south of Imus is composed of rice fields, sloughs and bamboo swamps, making it very difficult for the Americans to cover, though comparatively easy for the Filipinos.

CABLEGRAM FROM OTIS.

Washington, June 20.—Otis cables that Wheaton who is at Imus with four guns and four battalions of the Fourth and the Fifth infantry and a troop of Nevada cavalry, sent a battalion south for a reconnoisance in the direction of Perez Dasmarinas, who scattered the insurgent forces. The battalion encountered two thousand of the enemy marching to attack Imus, who successfully impeded the Americans' progress. Wheaton then, with two guns hauled forward, repulsed the enemy with heavy loss. They left 100 dead upon the field. Our loss was five killed and twenty-three wounded

AUSKEY VERSUS AUSKEY.

The Celebrated Case Decided in Favor of the Wife.

By Wire to the Telegram.

Port Chester, N. Y., June 20—Police Justice Wakefield this morning decided the celebrated case of Auskey vs. Auskey in favor of the wife. Mr. Auskey had Mrs. Auskey arrested for spanking him. The wife pleaded justification. After the decision, Auskey got in a wagon and shouted "Tell her I'll never come back." Then he disappeared. The judge told Mrs. Auskey to go home in peace and if her husband got naughty, to spank him some more. Auskey was spanked because he refused to bring up some coal.

Trouble Expected.

By Wire to the TELEGRAM.

Cleveland, O., June 20.—Five lines of cars are running today. Trouble is looked for at South Side. The police are on guard. An effort will be made to run the cars to the South Side and vigorous opposition is expected. The city council committee and the business men's conference have sent advisory committes to confer with both sides in regard to an understanding, but so far there has been no result.

Wealthy Banker Suicides.

By Cable to THE TELEGRAM.

Burr Oak, Mich., June 20—John T. Holmes, president of the State Bank, and one of the wealthiest men of the county, unsuccessfully tried to shoot his wife yesterday. Later he went to the bank and was noticed acting strangely. Asked about taking poison he denied it, but soon began having convulsions. Physicians were unable to do anything as he refused to take an antidote, and died in a short time. The cause of the act is unknown.

Cotton.

By Wire to THE TELEGRAM

New York, June 20—Cotton bids, June, 76; July, 78; August, 81; September, 78; October, 81; November, 84.

Thacker & Brockmann.

ATTACKED WOODWARD.

Dr. Broughton's Sensational Pulpit Assault.

Atlanta, June 18—In a sensational sermon tonight Dr. L. G. Broughton, pastor of the Baptist tabernacle, called upon the city council to impeach James G. Woodward mayor of Atlanta. Dr. Broughton said the chief executive was a "confessed gambler, a libertine, a sot and a disgrace to the city."

At these words the audience of about 2,000 people, cheered. In the course of his remarks Dr. Broughton said: "When the mayor was a member of an important committee to go to Washington on the matter of federal prison site, he was drunk most of the time, and there were other things that occurred in connection with him that I hesitate to mention from the pulpit.

"He should be impeached at once. If the members of the city council do not impeach him, I shall take steps myself. No such man has a right to be mayor of this city. The situation is indecent and disgraceful."

Homelike.

"I'll know better next time," said Mrs. Ferguson, speaking of it afterward. "I told George's uncle to consider himself at home in our house."

"Well?"

"Well, it wasn't five minutes afterward that he began to grumble about the cooking."

The Old Settler's Story.

Old Settler—Talk about the figger thirteen bein' unlucky, why, I knew a feller once who fell out of the thirteenth story of a buildin' at No. 13 Thirteenth street. It happened on the thirteenth day of the month and the day was Friday. In spite of it all, he wasn't killed——

Chorus—Wasn't killed?

Old Settler—Wasn't killed until he hit the sidewalk.

Attention!

Every member of the Greensboro fire department is urged to attend a meeting of the department tomorrow (Tuesday) evening at 8:15 o'clock in the firemen's hall. Business of importance. By order of the chief.

BAIT FOR THE PASSER-BY.

We may live without books—what is knowledge but grieving?
We may live without hope—what is hope but deceiving?
We may live without love—what is love but repining?
But where is the man who can live without dining?

It is stated to be a certainty that the Benbow will be rebuilt as quickly as possible. We hope the report is correct. Greensboro must have ampler hotel accommodations. While the McAdoo is an excellent hotel, with all modern conveniences and elaborate equipment; and the Clegg House a nice and pleasant place, and most conveniently located; and all our other minor inns fully capable of taking care of the traveling public;—still there is a certain class who, unless constrained by business, will not, when opportunity offers, visit a city that has not the advantage of the finest and most luxurious accommodations, after metropolitan ideas.

Last week we heard it reported on good authority that, whether Capt Fisher replace his property or not, there are plans on foot for the erection of a hotel not to cost less than $100,000. Such an event would be a great thing for our city, situated as we are, the garden city of North Carolina, upon the great artery of the Southern Railway system. The immense and ever-increasing traveling public has got to be taken care of And there's room at Greensboro for another hotel.

Josephus Daniels, of the Raleigh News and Observer, who has been attending the sessions of the Teachers' Assembly at Morehead City, writes to his paper the following deserved, high tribute to Prof. W. T. Whitsett, of Guilford county:

The success of this session was primarily due to Prof. W. T. Whitsett, principal of Whitsett Institute, secretary and treasurer. By ability and zeal he has built up in Guilford county one of the largest and best high school in North Carolina. The energy and brains that enabled him to do this made him an ideal secretary of the Teachers' Assembly. He organized for success and when he was re-elected secretary every member present arose in his seat and felt glad to pay so high a compliment to the efficiency and success of the secretary. I have never known a man who filled any position better than Prof. Whitsett and all the educators and friends of education in the state owe him a debt of gratitude for the success of the only institution in the state that brings the college president and the teacher of the humblest common school together on a common plane. The president of the State University and the humble man who teaches in a log school a few months in the year meet here on a common level, and discuss the common problem of educating the masses. This fact Secretary Whitsett has always kept in mind and it is due to his close touch with primary, intermediate, high school, college, seminary and university that for a whole week the most progressive teachers in each have together been studying how to reach the people, how to remove illiteracy and how to elevate the citizenship of the state. So long as the state, denominational and private school teachers are united and earnest in their efforts just so long will this assembly be a blessing to the state and the centre of the educational life of the state.

We imagine that the truth of John Sherman's famous utterance in regard to war, is presented very forcibly to the minds of the Americans in the Philippines these days.

Capt. Coghlan has been assigned by the navy department to the quiet duty of examining torpedo boat construction. As a judge of explosives we imagine the Raleigh's ex-captain is quite efficient.

BOYD ON THE AMENDMENT.

It Will Be Secured But the Republicans Will Be Benefited.

NEGRO DANGER ELIMINATED

Says the North Carolinian at Washington, Will be Just the Thing for His Party.

Special to the TELEGRAM.

Washington, June 20—Assistant Attorney General Boyd, of North Carolina, was sitting in the lobby of the Ebbitt House Sunday evening. The general is regarded here as one of the best informed public men from North Carolina, and he is probably as well acquainted with republican prospects in the Old North State as any man in the republican party. He admits that the democrats will pass the proposed constitutional amendment in the state next fall limiting negro suffrage, but he does not despair at the chances of his party again securing the ascendancy in the state. He is of the opinion in fact that the passage of the constitutional amendment will prove beneficial to the republicans, for as he argues with all danger from negro suffrage eliminated, there will be no fear on the part of the white voters over the prospect of uniting with the republican party, and he thinks the party will gain more votes from this source than it will lose by the elimination of the negro vote.

The assistant attorney general, as might be expected from his holding office under the administration, is a strong supporter of President McKinley, and he says there is not the slightest doubt but McKinley will secure the delegation from North Carolina to the next republican national convention. He believes also that the republicans next year will put up a strong fight to elect their electoral ticket in the state. In regard to the Filipino question, Gen. Boyd thinks that the policy which is being pursued by the administration meets with the approval of the majority of the voters of the country. He looks for some important legislation in regard to the Philippine Islands, as well as in regard to Cuba, Porto Rico, and other new possessions at the hands of the coming congress.

While the exportation, according to the board of statistics, of farm products for the current year will fall perhaps fifty million dollars below the total for last year, it does not follow that the farmer has failed to realize as much for his productions during the past year as in the preceding year. On the contrary, a study of the export figures indicates that the prices which he has received for practically everything except wheat and cotton are higher than those of the preceding year. This is probably due to the increased consumption among our own people, due to increased activity and advanced wages.

In nearly all articles of farm products aside from breadstuffs and cotton, of which there is a constant production in excess of home demands, the prices at home determine those at which exportation takes place, and a study of the figures of the year's exports of agricultural products shows that in nearly every article aside from wheat and cotton the export price per unit of quantity has been larger than in the preceding year.

Dr. Talmage left the city Monday for Due West, South Carolina, where he has accepted an invitation to deliver the annual address today before the literary societies of Erskine College. Much interest has been felt in the appearance of Dr. Talmage on this occasion. Among those who will be present from Washington is Mr. J. Altheus Johnson, a well known attorney of this city, who formerly resided in South Carolina. Mr. Johnson will remain south for the next two weeks, and will probably visit other portions of the state before returning to the national capital.

Mr. John Shinn, of this city, is visiting Newport News, Virginia, where he went the other day for the purpose of attending the wedding of his cousin, Edward F. Roberts, of Newport News, to Miss Elizabeth B. Justis.

Rumors are being revived in Washington regarding the intention of Governor Russell, of North Carolina, to take up the practice of law in New York City upon his retirement from the gubernatorial chair. Most North Carolina republicans, however, believe that the governor will remain in North Carolina.

Last night the marriage of Miss Biedler, of this city, to Frank A. Steele, of Virginia, took place in the presence of a few friends. The wedding was solemnized at the home of the bride.

The Best Remedy for Flux.

"In July of last year I was taken with a severe attack of flux," says Mr. Joe Baker, of Allentown, Tenn. "I procured a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and used about half of it and it effected a complete cure. This is the best remedy for bowel trouble on the market. C. Cholera Morbus Quickly Cured.

"During the hot weather last summer I had a severe attack of cholora morbus, necessitating my leaving my business," says Mr. C. A. Hare, of Hare Bros., Fincastle, Ohio. "After taking two or three doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy I was completely relieved and in a few hours was able to resume my work in the store. I sincerely recommend it to any one afflicted with stomach or bowel trouble. C. E. Holton, druggist.

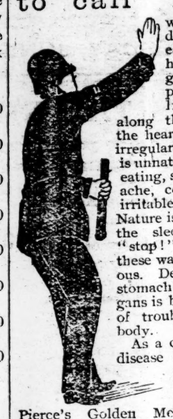
There is no policeman to enforce the laws of health and to call "stop!"



when you are in danger from disease. But Nature has her own danger signals. When pain shoots like a lightning flash along the nerves, when the heart beats feebly or irregularly, when there is unnatural fullness after eating, sour risings, headache, coated tongue or irritable temper, then Nature is plucking you by the sleeve and calling "stop!" To neglect these warnings is dangerous. Derangement of the stomach and its allied organs is but the beginning of trouble for the whole body.

As a complete cure for disease of the stomach and the organs of digestion and nutrition Doctor Pierce's Golden Medical Discovery stands without an equal. It purifies the blood, cleanses the system of poisonous accumulations, nourishes the starved nerves and builds up the entire body, blood and bone, muscle and nerve. "It is with pleasure that I tell you what Dr. Pierce's Golden Medical Discovery and 'Pellets' have done for me," writes Mrs. T. M. Palmer, of Pecde, Kaufman Co., Texas. "Two years ago I was taken with stomach and bowel trouble. Everything I ate would put me in distress. I lived two weeks on milk and even that gave me pain. I felt as though I would starve to death. Three doctors attended me—one said I had dyspepsia, two said catarrh of the stomach and bowels. They attended me (one at a time) for one year. I stopped taking their medicine and tried patent medicine; got no better, and I grew so weak and nervous my heart would flutter. I could not do any kind of work. Now I can do my house work very well, am gaining in flesh and strength, and can eat anything."

Ice Question Again.

Editor Telegram:—The article that appeared in your paper some days since on the imposition these people are having put on them in the purchase of ice, hasn't it seems impressed the ice company of this city with the fact that the consumer and one who pays his money for the article has any rights at all in saying how much he wants and how many times he shall have it a day.

This company says the resident part of this city shall be served but one time each day, and unless you buy a sufficiently large amount to run you till the next day you will have to do without. Then they say unless you buy ten pounds at a time you can't have any. I ask, in all fairness and justice, is it right that a people who are demanding and are willing to pay for it, shall submit to the dictation of a company who have come among us and because they have a monopoly of the ice business, say to our citizens who support them, "you shall" and "you shan't" do so and so.

The reply of the manager of Ice & Coal Co. to the article of "Citizen" was a lame argument and no reply to points made by "Citizen." The writer was in hopes some one who has ready money would accept the offer of Mr. Hughes.

There is justice in all things, and it does seem a people who are willing to pay for a commodity as necessary as ice in this extreme hot weather, should be allowed to have it in any quantity they desire and as often as they desire, especially when it is no oftener than twice a day, when the thermometer stands from 90 to 100 degrees.

Think of a family who enjoys a nice plate of home-made ice cream at supper, how much ice they have to purchase early in the morning in order to have enough to freeze the cream for supper. Our people have the name of being a conservative people, too much so sometimes for their own good. This is to be admired in a community. But after awhile "patience ceases to be a virtue." Then it is somebody gets worsted. This is characteristic of the American people at large, as has so often been demonstrated. It will be advantageous to the ice company to serve our people in any quantities and as often as they wish it, both from a financial standpoint and also "good will and good wishes," for without these success does not last long. Ice is like a doctor, when you need it you want it—when it is not needed you do not want it.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. 'Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman. Trial bottles free at C. E. Holton's drug store. Regular size 50c and $1. Guaranteed or price refunded.

Convention Notes and Rates.

Detroit, Michigan, is in many respects considered the most beautiful city in the Union. On account of the International Christian Endeavor Convention to be held there July 5-10 all railroads have given a one fare rate for the round trip. The tickets will be on sale July 3, 4, and 5 with final limit July 15. By depositing tickets in Detroit and paying 50 cents they can be extended until August 15. Fire Alarm Wednesday Night.

Did you ever stop and think about it, that every time we have a fire the fire boys of Greensboro ruin and soil not less than $75.00 worth of clothing which each fireman must bear his part to replace. Not only that that, but think of the risk he runs to health and life. I venture the assertion that in our last fire (the Benbow House) that our boys, as a department, lost in this way not less than $75.00. Ask any one of them. And be it said and truly too that the firemen have never asked anything of our citizens but what they got it. We have the best department in the state and the best citizens on earth. An alarm from 63 will be turned in Wednesday night in the way of a rainbow fete for the south side fire laddies. Come out and help us take it in.
Committee.

Centenary Epworth League.

The regular monthly literary meeting of Centenary Epworth League was held in the church last evening. As is the custom the evening was spent with an eminent author and Rudyard Kipling having been selected for last evening's meeting, some excellently prepared papers on his life and works were read. Miss Gertrude Wagg rendered a part of Kipling's famous "Recessional," set to beautiful music, most excellently.

A large number of the young people were present and increased interest in the work of the league was manifest.

After the rendition of the interesting program half an hour was spent in social conversation, allowing the young people to become better acquainted

He was a veteran of the civil war, having served as a cavalry officer during the entire conflict.

He was the father of Mr. John Tally, one of the best known conductors on the Atlantic & Yadkin.

SAM LUCAS GONE.

Taken to the Penitentiary by the Sheriff This Morning.

Sam Lucas was this morning taken out of the murderers' cell of Guilford county jail for the first time since his incarceration nearly a year ago and a few minutes later Sam was on his way to Raleigh to spend his remaining years in the North Carolina penitentiary. He and Richard Wright, who goes for ten years, were cuffed and roped together, while Sheriff Gilmer sat at the other end of the rope.

Sam was happy. The commutation of his sentence from death to life imprisonment was the occasion for his rejoicing and he looked more like one going away to spend the summer than a man on his way to the penitentiary.

A large crowd of people, white and black, went in the car to say goodbye and he had a jovial word for each of them. He asked the reporter to give his best regards to the people of Greensboro and to thank all who had shown him kindness during his imprisonment.

Jailer Rees says Sam has been the most orderly prisoner he ever saw and has caused no trouble whatever.

A Big Order.

The Eagle Foundry Company, of this city, yesterday closed a contract with Samuel Coffin, of High Point, for 50,000 pounds of machine casting. Mr. Coffin is a builder of special woodworking machines adapted to the construction of solid post cases, and other furniture machinery.

This is a large order, but with its ample facilities for quick work, it is predicted that the Eagle will not be long in delivering the last installment.
